

NILESH BANDHIYA

Frontend Team Lead

+91 8980897334 nileshbandhiya2002@gmail.com [LinkedIn](#) Ahmedabad, Gujarat

SUMMARY

Frontend Team Lead with 3+ years of experience building scalable, high-performance web applications using React.js and Next.js. Specialized in developing enterprise CRM, ERP, and travel booking platforms with strong focus on UI architecture, SSR optimization, and complex API integrations. Experienced in leading teams, optimizing performance, and delivering production-ready solutions.

EXPERIENCE

Frontend Team Lead / Sr. Web Developer

Aseum Infotech Pvt Ltd

07/2023 Ahmedabad, Gujarat

- Led frontend architecture and development for large-scale travel ERP, CRM, and OTA systems, handling complex booking, financial, and operational workflows.
- Migrated legacy class-based React codebase to modern functional architecture, improving maintainability and developer efficiency.
- Spearheaded migration of multiple business platforms from React SPA to Next.js, significantly improving SEO performance and reducing page load time by ~30-40%.
- Designed and implemented SSR-based architectures, optimizing rendering strategies for high-performance applications.
- Built and optimized complex modules including: Flight & hotel booking systems (real-time APIs, pricing, cancellations), Wallet & financial systems (transactions, withdrawals, ledger tracking), CRM lead pipelines (lead → inquiry → booking lifecycle).
- Integrated third-party APIs (Tripjack, Etrav, FlyCreative), enabling seamless booking and real-time data synchronization.
- Implemented role-based access control systems, dynamic menus, and permission-driven UI for enterprise applications.
- Mentored developers, enforced coding standards, and conducted code reviews to ensure scalable architecture.

Junior Software Developer

Aspire Softserv Pvt Ltd

01/2023 - 07/2023 Ahmedabad, Gujarat

- Developed full-stack features using React and Node.js for a middleware platform connecting employee-employer workflows.
- Built REST APIs using Express.js, including authentication, data handling, and business logic implementation.
- Worked on both frontend and backend modules, ensuring seamless integration and performance optimization.

Frontend Developer (Intern to Full-time)

Lectus Technologies

03/2022 - 11/2022 Ahmedabad, Gujarat

- Built responsive UI components using React and Bootstrap for production applications
- Contributed to feature development and performance improvements in real-world client projects

STRENGTHS

Team Leadership

Frontend Architecture · Team Leadership · React.js / Next.js · SSR & SEO · API Integration

Code Quality & Mentoring

Code Reviews · Mentoring Developers · Best Practices · Scalable Development

SKILLS

JavaScript (ES6+)		TypeScript
React.js	Next.js	Redux Toolkit
HTML5	CSS3	Tailwind CSS
Bootstrap	Node.js	Express.js
MongoDB	Git	GitHub
Visual Studio Code		CRM Systems
AI-assisted development		

KEY ACHIEVEMENTS

Architectural Redesign & Performance Improvement

Led frontend architecture redesign, improving application performance and overall user experience

Performance & SEO Optimization

Enhanced application performance and SEO by implementing Next.js SSR across multiple projects

Third-Party API Integrations

Integrated APIs for flight and hotel bookings, along with PAN and GST verification systems

EDUCATION

B.E. - Information Technology

L. E. College, Morbi

01/2018 - 05/2022 Morbi, Gujarat
